Comtech Telecommunications Corp. Awarded \$1.4 Million Order for Communications Jamming High-Power Amplifier Systems

MELVILLE, N.Y.--(BUSINESS WIRE)-- **October 30, 2013** - Comtech Telecommunications Corp. (Nasdaq:CMTL) announced today that its Melville, New York-based subsidiary, Comtech PST Corp., received a \$1.4 million order for broadband, solid-state, high-power RF microwave amplifier systems from an international OEM.

The amplifier systems, which include the latest broadband solid-state switching and transistor technology, provide for very broad frequency coverage and will be utilized as part of communications jamming systems.

In commenting on this award, Fred Kornberg, President and Chief Executive Officer of Comtech Telecommunications Corp., said, "This is yet another order that demonstrates our continued leadership position in providing communications jamming technology and the ongoing need for our high-power broadband amplifiers and switches that are utilized by major electronic warfare application programs in both domestic and international markets."

Comtech PST Corp. (www.comtechpst.com) is a leading independent supplier of broadband, high-power, high performance RF microwave amplifiers for use in a broad spectrum of applications including defense, medical, satellite communications systems and instrumentation.

Comtech Telecommunications Corp. designs, develops, produces and markets innovative products, systems and services for advanced communications solutions. The Company believes many of its solutions play a vital role in providing or enhancing communication capabilities when terrestrial communications infrastructure is unavailable, inefficient or too expensive. The Company conducts business through three complementary segments: telecommunications transmission, RF microwave amplifiers and mobile data communications. The Company sells products to a diverse customer base in the global commercial and government communications markets. The Company believes it is a market leader in the market segments that it serves.
