Comtech Telecommunications Corp. Receives \$1.1 Million in Additional Orders for Satellite Equipment Spares from Brazilian Military

MELVILLE, N.Y.--(BUSINESS WIRE)-- November 25, 2013--Comtech Telecommunications Corp. (NASDAQ:CMTL) announced that its Orlando, Florida-based subsidiary, Comtech Systems, Inc., has received \$1.1 million in additional orders from the Brazilian Military for satellite spares to support an existing system. The Company previously announced, in October 2013, that it had received \$1.1 million in orders for the same project.

Fred Kornberg, President and Chief Executive Officer of Comtech Telecommunications Corp., stated, "We are extremely pleased by this order from the Brazilian Military for additional satellite spares. Once again, our long-term commitment to investing in transmission technology has firmly established Comtech as the choice for this advanced communications solution."

Comtech Systems, Inc. (www.comtechsystems.com) specializes in system design, integration, supply and commissioning of turnkey communication systems including over-the-horizon microwave, line-of-sight microwave and satellite.

Comtech Telecommunications Corp. designs, develops, produces and markets innovative products, systems and services for advanced communications solutions. The Company believes many of its solutions play a vital role in providing or enhancing communication capabilities when terrestrial communications infrastructure is unavailable, inefficient or too expensive. The Company conducts business through three complementary segments: telecommunications transmission, RF microwave amplifiers and mobile data communications. The Company sells products to a diverse customer base in the global commercial and government communications markets. The Company believes it is a market leader in the market segments that it serves.
