## **Comtech Telecommunications Corp. Receives \$1.1 Million of Orders for Satellite Equipment Spares from Brazilian Military**

MELVILLE, N.Y.--(BUSINESS WIRE)-- October 22, 2013--Comtech Telecommunications Corp. (NASDAQ:CMTL) announced today that its Orlando, Florida-based subsidiary, Comtech Systems, Inc., has received \$1.1 million of orders from the Brazilian Military for satellite equipment spares to support an existing system.

Fred Kornberg, President and Chief Executive Officer of Comtech Telecommunications Corp., commented, "Our long-term commitment to investing in transmission technology has firmly established Comtech as the choice for this advanced communications solution. We look forward to working with the Brazilian Military on this and future opportunities."

Comtech Systems, Inc. ([www.comtechsystems.com](http://www.comtechsystems.com)) specializes in system design, integration, supply and commissioning of turnkey communication systems including over-the-horizon microwave, line-of-sight microwave and satellite.

Comtech Telecommunications Corp. designs, develops, produces and markets innovative products, systems and services for advanced communications solutions. The Company believes many of its solutions play a vital role in providing or enhancing communication capabilities when terrestrial communications infrastructure is unavailable, inefficient or too expensive. The Company conducts business through three complementary segments: telecommunications transmission, RF microwave amplifiers and mobile data communications. The Company sells products to a diverse customer base in the global commercial and government communications markets. The Company believes it is a market leader in the market segments that it serves.

Certain information in this press release contains statements that are forward-looking in nature and involve certain significant risks and uncertainties. Actual results could differ materially from such forward-looking information. The Company's Securities and Exchange Commission filings identify many such risks and uncertainties. Any forward-looking information in this press release is qualified in its entirety by the risks and uncertainties described in such Securities and Exchange Commission filings.
