Comtech Telecommunications Corp. Wins \$2.3 Million Order for High-Power Amplifiers for Military Airborne Communications

MELVILLE, N.Y., Mar 17, 2010 (GlobeNewswire via COMTEX News Network) -- Comtech Telecommunications Corp. (Nasdaq:CMTL) announced today that its Santa Clara, California-based subsidiary, Comtech Xicom Technology, Inc., received a \$2.3M order for airborne equipment for a U.S. military satellite communications program that supports vital and strategic airborne platforms.

Fred Kornberg, President and Chief Executive Officer of Comtech Telecommunications Corp., commented, "We have been working closely with our customer on this complex program for a number of years, and believe that our technology has contributed to new advancements in airborne satellite communication technology. We are pleased to be a supplier for this important U.S. government program and look forward to future follow on orders."

Comtech Xicom Technology, Inc., a world leader in high-power amplifiers, manufactures a wide variety of tube-based and solid-state power amplifiers for military and commercial satellite uplink applications. The product range encompasses power levels from 8 W to 3 kW, with frequency coverage in sub-bands within the 2 GHz to 45.5 GHz spectrum. Amplifiers are available for fixed and ground-based, ship-board, and airborne mobile applications. Please visit www.xicomtech.com for more information.

Comtech Telecommunications Corp. designs, develops, produces and markets innovative products, systems and services for advanced communications solutions. The Company believes many of its solutions play a vital role in providing or enhancing communication capabilities when terrestrial communications infrastructure is unavailable, inefficient or too expensive. The Company conducts business through three complementary segments: telecommunications transmission, mobile data communications and RF microwave amplifiers. The Company sells products to a diverse customer base in the global commercial and government communications markets. The Company believes it is a market leader in the market segments that it serves.
