Comtech Telecommunications Corp. Awarded Multiple Orders Totaling Approximately \$2.2 Million for Communications Jamming High-Power Amplifier Systems

MELVILLE, N.Y.--(BUSINESS WIRE)--

March 29, 2016--Comtech Telecommunications Corp. (Nasdaq:CMTL) announced today that during its second quarter of fiscal 2016, its New York-based subsidiary, Comtech PST Corp., received multiple orders totaling approximately \$2.2 million for broadband, solid-state, high-power RF microwave amplifier systems from an international OEM.

The amplifier systems, which include the latest broadband solid-state switching and transistor technology, provide for very broad frequency coverage and will be utilized as part of communications jamming systems.

In commenting on this contract award, Dr. Stanton Sloane, President and Chief Executive Officer of Comtech Telecommunications Corp., said, "This follow-on order clearly demonstrates our continued leadership position in communications jamming technology and the ongoing need for our high-power broadband amplifiers which are utilized in major electronic warfare applications both domestically and internationally. We anticipate additional orders from this customer later this year."

Comtech PST Corp. (www.comtechpst.com) is a leading independent supplier of broadband, high-power, high performance RF microwave amplifiers for use in a broad spectrum of applications including defense, medical, satellite communications systems and instrumentation.

Comtech Telecommunications Corp. designs, develops, produces and markets innovative products, systems and services for advanced communications solutions. The Company sells products to a diverse customer base in the global commercial and government communications markets. The Company believes it is a leader in most of the market segments that it serves.
