Comtech Telecommunications Corp. Receives \$1.6 Million of Movement Tracking System Orders for Technical Support and Program Management Services

MELVILLE, N.Y., Jun 21, 2007 (BUSINESS WIRE) -- Comtech Telecommunications Corp. (NASDAQ:CMTL) announced today that its Maryland-based subsidiary, Comtech Mobile Datacom Corporation, received orders totaling \$1.6 million under its Movement Tracking System, or MTS contract, with the U.S. Army. Total orders received to date against the \$418.2 million MTS contract increased to \$395.9 million.

The orders are primarily for the supply of technical and program management services to support ongoing MTS Program operations in the United States and abroad.

Fred Kornberg, President and Chief Executive Officer of Comtech Telecommunications Corp., said, "We are pleased to have received these most recent MTS orders and look forward to supporting future MTS program requirements."

Comtech Mobile Datacom Corporation, a Germantown, Maryland-based company, is engaged in the provision of satellite-based packet data communication systems and location and messaging services through the use of advanced communication and network technology. To learn more about Comtech Mobile Datacom, please visit the company's website at www.comtechmobile.com.

Comtech Telecommunications Corp. designs, develops, produces and markets innovative products, systems and services for advanced communications solutions. The Company believes many of its solutions play a vital role in providing or enhancing communication capabilities when terrestrial communications infrastructure is unavailable or ineffective. The Company conducts business through three complementary segments: telecommunications transmission, mobile data communications and RF microwave amplifiers. The Company sells products to a diverse customer base in the global commercial and government communications markets. The Company believes it is a market leader in the market segments that it serves.
