## **Comtech Telecommunications Corp. Announces \$4.0 Million of Orders For Government Satellite Tracking Solutions**

MELVILLE, N.Y.--(BUSINESS WIRE)-- March 13, 2017-- Comtech Telecommunications Corp. (Nasdaq: CMTL) announced today that during its third quarter of fiscal 2017, Comtech's Command and Control Technologies group, which is part of its Government Solutions segment, received approximately \$3.5 million of orders from a Fortune 100 U.S. Government contractor and an international government science and technology institute for several antenna tracking systems with Radomes that will be used to support precision location tracking of satellites.

"We are pleased to receive multiple orders for our satellite antenna solutions which are targeted towards the rapidly growing satellite tracking market. These orders support our view that we are a trusted provider to both domestic and overseas companies that have a need for complex precision tracking," said Fred Kornberg, President and Chief Executive Officer of Comtech Telecommunications Corp.

Comtech Telecommunications Corp. designs, develops, produces and markets innovative products, systems and services for advanced communications solutions. The Company sells products to a diverse customer base in the global commercial and government communications markets.

Certain information in this press release contains statements that are forward-looking in nature and involve certain significant risks and uncertainties. Actual results could differ materially from such forward-looking information. The Company's Securities and Exchange Commission filings identify many such risks and uncertainties. Any forward-looking information in this press release is qualified in its entirety by the risks and uncertainties described in such Securities and Exchange Commission filings.
